

Curriculum Vitae

Name: Jessica A. Davis, PhD, RN, CCRN, IBCLC

Home Address: Moon Township, PA

Birth Place: Phoenix, AZ

Home Phone: 602-616-5312

Citizenship: United States

**Business Address: 3000 Children's Hospital
Office Building
Pittsburgh, PA 15213**

E-Mail: jad312@pitt.edu

Personal Statement

My aspiration is to become an independent clinician scientist with an interdisciplinary program of research that utilizes research methodologies rooted in health equity and community-based research to achieve life-long positive outcomes of children born with congenital heart defects (CHD). As the first step in this journey, I pursued my PhD in Nursing at the University of Pittsburgh. During my predoctoral training, I completed a research apprenticeship to identify in-hospital barriers to lactation goal attainment in infant cohorts. Relatedly, my dissertation research project involved an examination of the associations between human milk, gut microbiome composition, and feeding outcomes among neonates with CHD. My exploration of modifiable risk factors (neonatal diet) and biomarkers (gut microbiome) in the pathway to development of feeding intolerance, necrotizing enterocolitis, and malnutrition was completed by building a retrospective data set of electronic health record (EHR) data from hospitalized neonates with CHD and by conducting a microbiome study in a complementary prospective cohort. Results indicated that human milk and direct chest/breastfeeding may be protective against adverse outcomes in CHD cohorts.

As a Postdoctoral Scholar on a HRSA NRSA T32 at the University of Pittsburgh's School of Medicine, I have continued investigations regarding facilitators and barriers of positive lactation and nutrition outcomes among infants with CHD. Although my initial intention was to continue microbiome science, I realized that systemic inequities in clinical practices are a primary component of the health outcomes I was observing. Therefore, I have pursued training in methodologies rooted in health equity and qualitative science. I used clinical data collected during my dissertation to explore associations between indicators of systemic racism and birth and lactation outcomes in neonates with CHD. I am also conducting a qualitative analysis describing parent perceptions of infant feeding and maternal health research in the setting of a fetal/infant CHD diagnosis. This qualitative project is essential to my career development, as I will receive qualitative research training, and will learn how to respectfully investigate these emotionally charged topics. My postdoctoral training will ensure respectful, inclusive, and culturally appropriate interpretation and dissemination of results. Further, these projects provide preliminary data to support my K23 project proposal (February 2025 submission), a pilot study of an adaptive doula support intervention for mothers at high risk for distress and lactation attrition and who give birth to infants with CHD.

Education and Training

Undergraduate

August 2007-May 2011

Northern Arizona University

Bachelor of Science

Graduate	Flagstaff, AZ	Nursing
August 2019-August 2023	University of Pittsburgh Pittsburgh, PA	Doctor of Philosophy Nursing Science, Minor in Nurse Education

Appointments and Positions

Academic

April 1 st , 2024 - December 31 st , 2024	Environmental Health Research Institute for Nurse and Clinician Scientists	Fellow
June 24 th , 2023 - Present	University of Pittsburgh School of Medicine Department of Pediatrics HRSA NRSA T32 Primary Care Research (Grant # T32HP22240)	Postdoctoral Scholar
January 2022- April 2022	University of Pittsburgh School of Nursing NUR 1042-Nursing Care of Children and Families	Clinical Instructor
August 2021- June, 23 rd 2023	University of Pittsburgh School of Nursing Targeted Research and Academic Training Program for Nurses in Genomics Award T32NR009759	Predoctoral Fellow
August 2020- December 2020	Salk Health Activist Fellowship Jewish Health Care Foundation	Fellow
January 2020- December 2021	University of Pittsburgh PREPARE Study (PI: Demirci)	Graduate Student Researcher
May 2020	University of Pittsburgh NUR 0087- Pharmacology and Therapeutics Across the Lifespan	Teaching Assistant
August 2019- August 2023	ARCS Foundation Pittsburgh Chapter	Predoctoral Scholar
August 2019- December 2019	University of Pittsburgh NUR 1050- Nursing Care of Mothers, Newborns, and Families	Clinical Instructor

Non-Academic

2018-2019	UPMC Children's Hospital of Pittsburgh	Lactation Consultant
2017-2018	UPMC Children's Hospital of Pittsburgh	Fellow

	Neonatal Nurse Fellowship	
2015-2018 2022-present	UPMC Children's Hospital of Pittsburgh Cardiac Intensive Care Unit	Senior Professional Staff Nurse II
2013-2015	UPMC Magee Women's Hospital Woman Care Birth Center Obstetric Critical Care	Professional Staff Nurse
2013-2014	The Midwife Center for Birth and Women's Health	RN Birth Assistant
2011-2013	UPMC Children's Hospital of Pittsburgh Neonatal Intensive Care Unit	Staff Nurse
2010	UPMC Children's Hospital of Pittsburgh Neonatal Intensive Care	Student Nurse Intern

Licensure and Certification

2011-Present	RN 627615 Pennsylvania Department of State	Pennsylvania Registered Nurse
2016-Present	Certified Critical Care Nurse American Association of Critical Care Nurses	Pennsylvania Pediatrics
2018-Present	IBCLC L-130013 International Board of Lactation Consultant Examiners	Pennsylvania Board Certified Lactation Consultant (IBCLC)

Membership in Professional and Scientific Societies

2023-Present	Cardiac Neurodevelopmental Outcome Collaborative Member – Cardiac Newborn Neuroprotective Network Special Interest Group Co-Lead – Breastfeeding and CHD Special Interest Group
2022-Present	Pediatric Cardiac Intensive Care Society
2020-Present	NeoHeart Society
2020-Present	Sigma Theta Tau International Nursing Honor Society
2019-Present	International Society of Nurses in Genetics (ISONG)
2021	Education Committee
2020	Congress Committee
2019-Present	United States Lactation Consultant Association (USLCA)
2018-Present	Peer Leader, La Leche League
2018-2021	International Lactation Consultant Association (ILCA)
2017-2021	Northeast Pediatric Cardiology Nurses Association (NPCNA)
2017-2021	National Association for Neonatal Nurses (NANN)
2016-2018	American Academy of Critical Care Nurses (AACN)

2013-2014	American College of Nurse Midwives (ACNM)
2014	Student Liaison
2011-2020	Association of Women's Health, Obstetrical and Neonatal Nurses (AWHONN)

Honors

2007-2011	Dean's List, College of Health and Human Services Northern Arizona University
2018	Daisy Award Nominee (nursing service award) UPMC Children's Hospital of Pittsburgh
2021	Invited Student Presenter, Rising Stars of Research and Scholarship 32 nd International Congress, Sigma Theta Tau International
